

# Vehicle Funding Program

## The bheem foundation Grant Program

This program is directed to individuals with of the money needed to fund vehicle additional help to reach their goal. The bridge the funding gap that prevents achieving their mobility goals.

Key points of the bheem foundation Grant

During each funding cycle, grants are for up to 25 percent of the cost of the maximum award of \$5,000.

Mobility equipment must be essential mobility transportation equipment (i.e. conversions for accessible vans, wheelchair/scooter lifts, car top carriers, driving aids, etc.). Wheelchairs, scooters, home modifications, and any equipment not related to vehicle accessibility are not eligible for this program.

We are unable to provide assistance toward the cost of the chassis or actual vehicle.

The purchase of a vehicle that has already been modified or converted with a wheelchair accessible lift or ramp is eligible for this program as long as it is sold by a NMEDA certified dealer.
